

12/17/2015 Supervisors of the Checklist Work Session

Harriet Cady, Tom Dillon, and Gloria Riel met to work on updating the checklist. Tom did updates for checklist on Gloria's laptop because the computer he usually does the work on was not working. Then he worked on shredding the papers that needed to be shredded.

Harriet and Gloria were working on finding the voters who needed to update their voter registration forms. Harriet was reading the names from the forms we did have to Gloria who was checking to see if they were on the list or if they didn't have the form would check the voters name so the voter would receive a letter from the Supervisors and a form to fill out. The letter included explains what they would need to do.

Since there are 3300 names on the checklist we know it will take a few work sessions to make it right.

We recessed until 12/18/2015
