### Supervisors of the Checklist

Harriet Cady, Tom Dillon, and Gloria Riel met at the Town Hall to unpack and set up all materials and records needed for the day for the Presidential Primary election.

We requested to have Diana Allard and Cathleen Perron sworn in to help us at the primary knowing that it would be very busy and that we would need the extra help. They were quite efficient and very happy to do whatever we asked of them.

We received well over 200 new voters and accepted updated voter registration forms so that we will be able to update the files for each one returned.

We had to have Jan Foisy print more forms for us for the voters to go back to UND.

It was a very busy election with over two thirds of the voters coming out to vote.

We answered many questions and worked on the computers updating etc. whenever possible.

We were able to leave by 7:30 after packing up all materials and returned them back to the office and all records back into filing cabinets that were locked.

We agreed to meet 02/10/2016 at 4:30 for a work session.
