Supervisors of the Checklist

Gloria Riel arrived at the office first at 4:15 and found a drawer to one file cabinet opened. She and Harriet make very sure the file cabinets are securely locked before they leave. They are both very concerned about who else may have a key to the file cabinets. We have discussed having the locks changed for safety. Gloria showed Tom Dillon the open drawer which she had not touched.

So Harriet Cady, Tom Dillon, and Gloria Riel did a lot of work on the forms where voters wanted to go back to UND.

We also did all corrections, additions, removals, and any other work that was needed.

Harriet sent the new checklist to the printer in the front office, but since no one was there, Tom agreed to come on the 19th and retrieve them and post them where needed.

We approved over 200 new voters in Deerfield.
