Supervisors of the Checklist Meeting

On 08-15-2016 Harriet Cady, Gloria Riel, and Diana Allard opened the office at 1PM. We finished checking the signatures on petition forms for people who want their names on the ballot for federal and state office. Alden Dill stopped in to see if all the petitions he submitted had been checked at which point Harriet informed him we had but 11 either were not in files or obtainable signatures couldn't be checked at which point Harriet called the Secretary of State who informed her it was up to Supervisors to determine if they had properly checked the signatures. Harriet informed Alden should he be short on signatures to come back and she would call the people to affirm signatures.

Our files were checked for voters who had registered before the forms included a birth date. We found thirteen voters who are listed as having birth dates of Jan 1, 1776 who we will highlight along with many who have no up to date registrations in the files. In accordance with instructions to election officials to bring files up to date by highlighting names on checklist ballot clerks use with instructions to ballot clerks to ask the voter to please see the Supervisors after voting so files can be brought up to date according to state election law.

We also started pulling very old yellow registration cards for voters who should do the latest election forms and their names will also be highlighted to complete the new form.

We voted to recess our meeting at 5PM and will reconvene on Monday, 08-22-2016 at 12:30 to finish signing the rest of the petition forms and update records.

It was also voted to ask Tom Dillion to help us at elections with his previous experience and he has consented.
